

Transparency Mississippi – Construction Data

The Mississippi Accountability and Transparency Act of 2008 (MATA) mandates specific reporting pertaining to contracts and leases. All contracts associated with the construction process, be it the Professional, General Contractor, or other service providers can be found at: www.transparency.mississippi.gov. In order to help facilitate the public's inquiries pertaining to current construction projects, users can go to the web address above and use the guidelines below as a helpful guide to find information pertaining to current construction contracts:

1. Go to www.transparency.mississippi.gov
2. Select the box in the center of the page entitled "Contracts."
3. In the center of the page, select the first box labeled "Agency Contract Documents."
4. Here, pull down the drop box next to the "Select Query Options" and select "Search by Contract Type."
5. You will then select the link entitled "Construction – BOB."
6. Next, you will select the link entitled "Finance and Administration."
7. Here, you will see all construction contracts and awards by the Bureau of Building, Grounds and Real Property Management. You can select any linked contract Number to provide further details regarding that specific award or contract.

If you ever have specific questions regarding a particular construction contract or any information pertaining to said construction contract, you may contact the Bureau of Building, Grounds and Real Property Management.
