\* These acres are for determination of rent per survey from previous years or adjusted by FSA cropland acres. They may differ from acres recorded at the USDA Office or on the maps included herein for reference. These acres have been determined based upon the most recent legal survey of the leased premises or FSA cropland acres.

We suggest that all bidders contact the Sunflower County USDA Office to determine the allotted base acreage on the above tracts. The acreage listed above is the EXACT acreage that will be used to calculate the Taxes for the Tract. If the acreage listed on the Maps in this Bid Package differ from those listed on this page, the amount listed above on this page will be the amount used. Contact Roger Davis at Parchman at [nodavis@mdoc.state.ms.us](mailto:nodavis@mdoc.state.ms.us) or phone 662-745-6611 ext.4266 for additional information on parcels or for an opportunity to visit the parcels before bid opening.

To qualify for payment of rent other than cash in advance (by certified or cashiers check(s), the Lessee **MUST AGREE** to provide the State with a first lien on the crops and assign government payments to the State up to the amount of the rent. **The bidder must guarantee that the State holds the first lien and has first priority of USDA assignments.**

The Crop Lien will be on Form UCC – 1F and will be recorded in the Secretary of State’s Office and the Chancery Clerk’s Office. Total recording fees will be \$20.00 - \$10.00 for filing at the Secretary of State and \$10.00 for filing at the Chancery Clerk’s Office (or \$28.00 or \$36.00 for additional debtors).

The Lessee agrees to pay rent in full or assign to the LESSOR a first lien mentioned above against the crops planted on the property described herein, plus any and all crop insurance proceeds in an amount sufficient to cover any shortage of rent, plus 10% to be charged as additional rent and collectable by the LESSOR as rent should the payment secured to the LESSOR by Assignment of Revenue to be received by the LESSEE from the Federal Government be in an amount less than the balance of rent due. The Lessee agrees to provide the Lessor with the Lessee’s Crop Insurance supplier. Should any Bidder fail to provide Crop Insurance Supplier, the Bid may not be accepted.

Both the Lien and the Assignment Form must be signed by the Lessee and returned to the Bureau of Building, Grounds and Real Property Management before the State will execute the Lease. **The State must have first priority of the USDA Assignment or rent must be cash in advance** (by certified or cashiers check(s)). These forms must be returned, along with the Lease, to Real Property Management by **December 22, 2016 (this is NOT the bid date)**, unless a later date is approved, in writing, by Real Property Management. There is no exception to this date.

FAILURE TO PAY RENT by cash in advance (by certified or cashiers check(s), or provide the necessary forms to the State as required after a bid has been awarded to a Lessee will result in the cancellation of that award and FORFEIT of the bid deposit by the Lessee.

LESSEE shall submit to the LESSOR as payment in lieu of taxes on the Tract(s) the sum of **\$9.00 per acre** shown in bid documents per year and payable as follows (HB 431, Laws of 2007): A certified or cashier’s check made payable to the Tax Collector of the County in which the land is located. Said check will be forwarded to the Tax Collector by LESSOR to be applied to the account of the LESSEE. **Taxes are not required to be submitted with the bid and will not be due UNTIL the Lease has been awarded and approved by the Public Procurement Review Board.**

Persons with an outstanding balance from the previous year’s Parchman Farmland Program, including taxes, must pay the outstanding balance before a bid will be accepted. (Parchman and/or Mississippi Department of Corrections and/or Mississippi State Penitentiary)

**The State reserves the right to refuse payment of rent other than cash in advance** (by certified or cashiers check(s), to any Lessee. Bids which state rent is to be paid cash in advance (by certified or cashiers check(s), will have priority in the bids. A Bidder with no prior record of leasing Parchman Farmland will be required to submit Farming Experience and Credit Report prior to being awarded a Lease. (Parchman and/or Mississippi Department of Corrections and/or Mississippi State Penitentiary)

## **SPECIAL SECURITY NOTICE TO BIDDERS**

The Mississippi Department of Corrections wants to make you aware of security procedures that will be strictly enforced for all persons leasing land.

Condition Number 18 of the lease agreement states: "LESSEE agrees to comply with all security measures, rules and regulations issued by the Department of Corrections dealing with security, ingress and egress on lands of Mississippi State Penitentiary and civilian relations with inmates".

All lessees and their employees will have a NCIC background check run by the Mississippi Department of Corrections to determine eligibility to enter the grounds.

All persons must have a government issued picture identification card to be able to enter and exit the grounds. (driver's license, military ID, etc.)

Tool control is very important and a complete listing of all of your tools will be required. These tools will be inventoried each time you enter and exit the facility.

Mississippi State Penitentiary must know who is entering the grounds. All vendors coming to repair equipment or delivering products must be pre approved by the Superintendent's office. The Superintendent's office will need as much advance notice as can be provided.

No equipment will be left in the fields overnight without the permission of the Superintendent. All equipment left on the property overnight will be parked at a designated location.

All vehicles and motorized farm equipment will be locked when unattended.

There are installed gates on roads inside the facility that limit traffic to the fields that you will be leasing. Security maintains the keys to the gates and they must be contacted to have ingress and egress. Advance planning on your part will insure that the gates are opened in timely manner.

There is installed a cell phone blocking system that blocks the phone signal on some areas of the property that you will be leasing. This blocking system is mainly inside a circle that would contain the housing units. Areas outside this circle should be able to use a cell phone.

Should you need any clarification or additional information on these procedures please contact Roger Davis with the Mississippi Department of Corrections at 662-745-6611 ext 4257 or cell phone 662-588-0112.

### **SPECIAL NOTICE TO FARMERS**

The State of Mississippi is currently in process of finalizing a Lease Agreement for the construction of Wind Towers and Turbines to be constructed on land at Mississippi State Penitentiary. Senate Bill 2786, Laws of 2012 Regular Session of the Mississippi State Legislature, designates that land at Mississippi State Penitentiary may be leased for wind and power-generation projects at the same time that it is lease for agricultural purposes.

At present, it is scheduled that, following the execution of the Lease Agreement, the vendor constructing the wind towers will place up to two (2) test towers on land at Mississippi State Penitentiary which is NOT currently leased by a private farmer or entity. The placement of the test towers will be at a location which will not immediately affect any farmer or Lessee in agricultural operations. It is anticipated that the test towers will be the only towers located on the lands at Mississippi State Penitentiary over the next two (2) to three (3) years.

Following the test period, should it be determined that a tower, or towers, will be placed on land which is currently leased for agricultural purposes, the Lessee will be notified immediately of such. In such instances where which is currently leased for agricultural purposes becomes utilized for wind farm operations, the Lessee shall be compensated for the reduction in acreage based on the area acquired, and shall be compensated for any and all crop damage relating to that particular area of land.

Consent by the LESSOR or its legal representative to one assignment, subletting, occupation, or use by another person shall not be deemed to be consent to any subsequent assignment, subletting, occupation, or use by another person. **CONDITION NUMBER 10:**

LESSEE agrees to plant, grow and harvest from those crops that are specified in Exhibit "B" attached hereto.
