Overview

About MMRS: Mississippi Management and Reporting System (MMRS) is a component of the Department of Finance Administration (DFA). MMRS provides timely, accurate financial management and human resource information to state agencies, elected officials, and the public at large.

MMRS uses the Learning Solution (LSO) application, which includes an Employee Self Service that is available to all state employees. You may register for any scheduled MMRS class through the LSO Employee Self Service.

Non-state employees must contact the Agency’s Training Administrator/Coordinator who is offering the course(s).

MMRS Scheduled Training: MMRS may provide semi-annual compressed training in the following areas:

- SPAHRS Payroll A to Z
- SPAHRS Human Resources
- SPAHRS Manage Contracts
- SPAHRS Travel

Semi-annual Schedule: Notices are posted at least 2 weeks prior to the scheduled dates for semi-annual compressed training. Please check the MMRS Website (www.dfa.ms.gov/mmrs/) for training dates. Scheduled classes will also be posted in Learning Solution (LSO).

Training by Request: MMRS will review requests for special training, outside of our semi-annual training schedule, on any of our applications.

Group training outside of our semi-annual schedule may be held at your agency’s site or at the Woolfolk Annex. Individual training may be scheduled at MMRS at the convenience of the user and MMRS.

These rooms are configured with a variety of PC applications and have communications capabilities with the mainframe at the State Data Center.
