**Organization of the MAAPP Manual**

The Mississippi Agency Accounting Policies and Procedures (MAAPP) manual provides authoritative guidance on the application of accounting policies, procedures, and systems pursuant to Section 27-104-3(c) of the Code of Mississippi. The State's accounting system, Mississippi's Accounting System for Government Information and Collaboration is commonly referred to as "MAGIC."

The MAAPP manual:

- Documents fiscal policies, accounting principles, internal controls, and reporting requirements
- Contains a Reference Guide that provides users with clarity of definitions, acronyms, transaction codes, business areas and also includes a complete list of forms referenced in the manual
- Includes links that allow users to access information quickly and accurately
- Ensures consistency and uniformity of accounting, reporting, and procedural standards for agencies

The manual is organized by section and includes the revision date in the Header on each manual page.
