

Cognos Impromptu User Software

Cognos Impromptu User software is offered under IBM's Passport Advantage Program and is available off of one of the Express Products Lists (EPLs) offered by the Department of Information Technology (ITS) – Software EPL 3594.

See the link below to the Express Products Lists (EPLs) page on the ITS website for access to the Software EPL 3594 Instructions for Use document as well as specific instructions for each EPL vendor.
