

**Changes to SAAS and SPAHRS  
Week-end Availability  
January 15, 2009**

Effective February 1, 2009, SAAS and SPAHRS will be unavailable on weekends unless there are requests for exception made in writing by Thursday noon of a given week. Send requests for exceptions to Cille Litchfield at [LitchC@dfa.state.ms.us](mailto:LitchC@dfa.state.ms.us) or via fax at 601-359-6551. Standing exceptions to this rule will be:

1. Conference weekend for the 2009 Legislative Session
2. Saturdays in June-July for end of year processing and new fiscal year start up

This is a model we followed pre-Katrina. We are going back to that model in order to reduce operations overtime and Computer Center costs for running system backups on Saturdays and Sundays.
