

**Procedure Change for
Submission of "On Request"
Jobs
November 25, 2009**

Effective December 1, 2009, all "on request" jobs for SAAS or SPAHRS will be submitted during our nightly cycle processing in order to reduce costs. The output will be released to your printer once the jobs are complete. This procedural change does **not** include requests to load interface files. Interface files will continue to be loaded when the request is received.

If you have any questions, please call the MMRS Call Center at 601-359-1343 and press 7 for Operations.
