1 ADMINISTRATIVE

101: MISSION STATEMENT

Section 61-13-1 of the Mississippi Code of 1972, as amended (the “Code”) states that “The Department of Finance and Administration of the State of Mississippi is authorized and empowered to purchase or lease, operate and maintain nonmilitary aircraft for use by the Governor’s Office, state departments, agencies, boards and commissions, the Legislature, its officers and employees, all under the general direction of the Department of Finance and Administration.” In accordance with this statute the Department of Finance and Administration’s Office of Air Transport Services provides air transportation to all entities of state government. The accessibility to air transportation by those entities gives them the flexibility to operate state government in a more efficient manner and provides the needed tools to promote, develop, and enhance the State of Mississippi.

102: PURPOSE OF THE POLICY AND PROCEDURE MANUAL

The purpose of this manual is to establish policies and procedures governing access by entities of state government to aircraft operated by the State of Mississippi Office of Air Transport Services, when there is a need for air transportation to conduct official state business.

103: USING THIS POLICY AND PROCEDURE MANUAL

This manual is developed pursuant to Section 61-13-25(e) of the Code and shall be used as a reference by all personnel of the State of Mississippi Office of Air Transport Services when scheduling flights in aircraft owned and operated by the State of Mississippi. This manual is to be used in furtherance of the laws and statutes set forth in Sections 61-13-1 through 61-13-25 of the Code and any other statutes pertaining to the use of state aircraft.

A hard copy of this manual shall be kept on file at the Department of Finance and Administration and shall be made available to any individual requesting a copy. An electronic copy is located at <http://www.dfa.ms.gov/media/4192/aircraftpolicy.pdf>.

201: ORGANIZATION

The Department of Finance and Administration is given the authority to operate and maintain state aircraft. This authority is carried out through the Office of Air Transport Services.

3 POLICIES

301: RECORD KEEPING LAW

The Department of Finance and Administration shall require of all planes operated under the provisions of this chapter an accounting on forms furnished by the Department of Finance and Administration, which shall show among other things the trips made, names of passengers carried, date of beginning and termination of trips, miles traveled, stops made, fuel consumed, and cost per hour of operation. Section 61-13-9 of the Code.

303: PUBLIC PURPOSE OF STATE AIRCRAFT

The public purpose of the state aircraft is defined as those instances where a state official and/or a state agency uses the aircraft to conduct business on behalf of Mississippi and/or to the benefit of the state.

304: ACCOMPANYING TRAVEL BY NON-STATE EMPLOYEE(S)

Generally, persons who are not state officials/employees are discouraged from traveling aboard state aircraft unless authorized by state official/employee and noted on the **REQUEST FOR USE OF STATE AIRCRAFT** form.

305: AIRCRAFT COSTS

Aircraft costs will be calculated annually to arrive at a direct operating cost per hour. This cost will be billed to the using agency after each flight.
