DEPARTMENT OF FINANCE AND ADMINISTRATION

BUREAU OF BUILDING, GROUNDS AND REAL PROPERTY MANAGEMENT

INTRODUCTION

The Department of Finance and Administration/Bureau of Building, Grounds and Real Property Management has conducted a detailed study of the building and other capital needs at each State Owned Facility, Institution of Higher Learning and Community and Junior College in accordance with §31-11-27 of the Mississippi Code of 1972 and presents herein the 2024 Inventory of Building including the following information:

- (i) Inventory of every state building and other capital facility which is the property of the State of Mississippi
- (ii) Location, date of construction or acquisition, the purpose for which used, and the outstanding indebtedness against such facility
- (iii) Condition of the building or other facility
- (iv) Estimate of cost of repairs required to place the facility in good condition

The data contained herein is self-reported by the agencies and institutions in format prescribed by DFA/BoB. The replacement costs are derived from one of three methods: direct data provided by agency/institution, calculated using RSMeans Construction Data for average construction costs of new buildings based on nature and type of building/construction, or calculation worksheet developed by DFA/BoB.
