SUB-SECTION	REVISED - 2018

DEACTIVATION OF FUND

Once a fund has served its purpose, an agency can request the fund be deactivated. First, all assets and liabilities on the fund must be transferred to another fund. For help with this process, the agency should contact DFA Office of Financial Reporting (OFR).

Once all balances have been transferred, the [Application to Deactivate a Fund](#) form should be completed and emailed to: Ofm.bfm@dfa.ms.gov
