		App Insta Contoso is about to in the app "Adobe Ar intune" from the Your iThures accou charged for i	Ilation Istall and manage crobat Reader 6 App Store. Int will not be this app.		

25. On Set up Contoso access tap Continue

26. Intune will now check to see if the device adheres to any compliance policies

27. Once profile has completed install completely close out of Outlook App and Re-Open Outlook App. You will then add the email account and if successful you will get a pop-up saying it has detected a government issued email. Outlook App will close and once you open again emails should start pulling down.
