Re: **Justification for Continued Use of Leased Space**
MS State Department of Health (MSDH), Office of Licensure, 143B LeFleurs Square, Jackson

In October 2006, the MSDH, Office of Licensure was requested to move off-campus to allow for shifting of departments into the Osborne Building due to plans to demolish / renovate the Central Office Annex Building. To date, MSDH has not been able to get Legislative approval for funds or bond monies to pursue this project. At present, there continues to be no available space for the Office of Licensure in the Osborne building nor is there space within the parts of the Annex that are inhabitable.

The current location meets the needs and offers the environment needed for this office. It is close to main campus, is in a centralized location that is easily assessable from I-55, is well maintained, has lighted and covered parking, security, is already equipped with T-3 data and telephone lines (which is necessary for our CMS encrypted data transmissions), and has already been configured to meet the needs/space requirements of this office.

It is estimated that the cost of moving, plus the cost of lost productivity and operational time will far exceed \$100,000.00. This is an unnecessary expense as this location/building meets our needs and, if mandated, will take years to recoup.

Based on the explanation above, the Office of Licensure respectfully requests an extension (renewal) of the Lease Agreement with J.W. LLC & Waggoner Farms.
