### OFFICE OF PURCHASING AND TRAVEL PUBLIC PROCUREMENT REVIEW BOARD AGENDA August 2, 2017

1. REQUESTING AGENCY: MS Department of Agriculture

**MASTER LEASE PURCHASE:** \$1,500,000

TERM OF CONTRACT: Master Lease Purchase Series 2017C

**PURCHASE METHOD: TBD** 

**COMMENTS**: MDAC is requesting authority to utilize the Master Lease Purchase Program to finance IT equipment, vehicles and other equipment (schedule of equipment is attached). The IT equipment and other equipment will be purchased over the next 3 years, after following normal purchasing procedures. Vehicles will not be purchased until FY 2019, because of the moratorium on vehicle purchases for FY 2018. MDAC has been notified of this and wishes to proceed with the Master Lease purchase.

**COMPLIANCE WITH PROCEDURES (YES, NO):** Yes

If no, explanation:

2. REQUESTING AGENCY: University of Mississippi Medical Center

**TYPE**: Exemption

HB 926 of the 2017 legislative session removed UMMC from the definition of "agency", with regard to the purchase of clinical equipment. UMMC is requesting exemption from the requirements of Chapter 8 "Disposal of Personal Property" of the Procurement Manual. This section of the Manual pertains to disposal of personal property by state agencies and universities. UMMC is seeking exemption from the regulations regarding trade-in of clinical equipment, due to the fact UMMC is not considered an agency for the purchase of clinical equipment.

3. REQUESTING AGENCY: Mississippi Department of Transportation (MDOT)

**TERM OF CONTRACT**: One (1) year (07/01/2017 - 06/30/2018)

SCOPE OF CONTRACT: Public Procurement Review Board (PPRB) Approval Section

2.102.04 (1) of the Procurement Manual

**PURCHASE METHOD:** Competitive RFx- (Bid Solicitation)

**COMMENTS**: MDOT has submitted at the suggestion of the OPTFM, a request to the Board to deviate from regulation 2.102.04 (1) of the Procurement Manual that would allow subsequent approvals of P-1 requests for spending limit increases in MAGIC to be delegated to the OPTFM staff on indefinite quantity, unit-price bids for certain commodities delineated in the request. (Please see the attached letter.)

Section 2.102.04 (1) states "The requesting agencies are required to submit a Request for Authority to Purchase, P-1, to the Office of Purchasing, Travel, and Fleet Management (OPTFM) for certain purchases. In certain situations, as outlined below, the OPTFM will be required to obtain Public Procurement Review Board (PPRB) approval prior to processing the requests. Agencies are advised that they shall not award any purchase or construction contract prior to approval by the Public Procurement Review Board (PPRB) if the purchase or construction contract is one

which requires PPRB approval. When approval requests are received, the OPTFM will place the items on the agenda of the Board. The Public Procurement Review Board (PPRB) has regularly scheduled meetings on the first Wednesday of every month. Requests should be submitted to the OPTFM not later than noon on the third Thursday prior to the first Wednesday. Requests received after this time may be delayed until the next regular or special meeting of the Board. Special meetings of the Board may be requested provided that the requesting agency provides adequate justification to the OPTFM. In addition, the members of the Board may approve a special meeting if they deem it to be appropriate and in the best interest of the State. The Public Procurement Review Board (PPRB) requires that the following items be brought before the Board for approval:

(1) Any request for any purchase authority (to include multiple purchases or a "not to exceed" amount), award, or awards (when such awards are the result of one competitive procurement) which exceeds—\$500,000 of commodities, goods, merchandise, furniture, equipment, automotive equipment of every kind, and other personal property purchased by the agencies of the state, but not commodities purchased for resale or raw materials converted into products for resale as provided by Section 31-7-1(e), Mississippi Code of 72, Annotated."

Currently, any increase in the target value of these contracts in MAGIC triggers a request that the Board must approve because the initial awards, based upon the previous year's spend, are approved by the Board (agenda items 1-4 are examples of this type of contract.) This has necessitated many special Board meeting requests due to the fluid nature of the MDOT's projects. The increases are only reflective of budget increases by the Agency and are not changes to any material term(s) of the contract. Consequently, the OPTFM would recommend to the Board that it delegate approval of these subsequent spending increases to the OPTFM such as to avoid the need for a special meeting to be called each time an increase is needed by the Agency.

**ADDITIONAL COMMENTS IF NEEDED**: Based on the information submitted by the Agency, we ask for the Board's approval of this request to deviate.

Re: Applicability of disposal regulations to purchases of commodities exempt from Section 31-7-13

Dear Mr. Campbell,

Per Chapter 8 "Disposal of Personal Property" of the Mississippi Procurement Manual, personal property that has become surplus to a state agency's needs may be traded-in or disposed of by other ways. However, pursuant to section 31-7-1 of the Mississippi Code of 1972, Annotated (MS Code), as amended during the 2017 legislative session and effective July 1, 2017, the University of Mississippi Medical Center is exempt from the definition of "agency" in regards to the purchase of commodities that are used for clinical purposes and (i) intended for use in the diagnosis of disease or other conditions or in the cure, mitigation, treatment or prevention of disease and (ii) medical devices, biological, drugs and radiation emitting devices as defined by the United States Food and Drug Administration. Given this exemption, it is unclear whether Chapter 8 "Disposal of Personal Property" and more specifically the section(s) of the chapter related to disposal by trade-in, would be applicable to disposal of a clinical commodity.

Therefore, UMMC respectfully requests a regulatory exemption to the requirements of Chapter 8 "Disposal of Personal Property" concerning disposal by trade-in, as it relates to personal property designated as a clinical commodity, which are otherwise exempt from section 31-7-13 of the MS Code.

Please let me know if you have any questions or would like to discuss further.

Best regards,

Stacy Baldwin

Laura Jackson Public Procurement Review Board, Chairman 501 North West Street, Suite 1301, Woolfolk Bldg. Jackson, MS 39201

Dear Mrs. Jackson,

We are requesting the Public Procurement Review Board (Board) delegate authority to the Office of Purchasing, Travel, and Fleet Management (OPTFM) to provide any subsequent approvals of spending limits for the Mississippi Department of Transportation (MDOT) contracts related to the commodities listed below for the period of July 1, 2017 through June 30, 2018. These contracts have line item pricing only and do not have a contract total. However, OPTFM requires MDOT to enter an estimated spend amount as the contract total into MAGIC for oversight approval. Currently, if the original estimated spend amount or any subsequent updates to the estimated spend amount meets threshold requirements, it goes to the Board for approval. For initial approval of the contract award this has not been an issue. However, subsequent approvals to increase this target value have proven to be problematic and have resulted in special Board meetings to avoid delays to MDOT's routine maintenance program. Since these approvals are for internal spending limits only and are not related to contract amendments for pricing or quantity increases, we are requesting the Board delegate approval authority of these spending limits to OPTFM.

The following commodities are awarded as indefinite quantity, unit-priced contracts:

Aluminum Sign Blanks
Attenuator Parts
Break-a-way Sign Supports
Certified Bituminous Materials
Concrete Box Culverts
Concrete Bridge Slabs
Concrete Pipe
Crushed Aggregates
Equipment Rental
Glass Beads

Transportation: The Driving Force of a Strong Economy
