you sure can if you see a controller icon on a game s app store product page the game has controller support you can use a game controller to play many games in apple arcade and some games on apple tv even require one

you ll find it in the city next to your attached merch shop while on the cruise you ll have to go to deck 14 and select the game room next to some wheels you will find the machines just like in the picture above

in nba 2k22 there are several ways to earn vc but not all are efficient or simple as a result these are the quickest and simplest ways to earn vc in the game you can fast accumulate vc in the game if you do it regularly and efficiently

making its highly anticipated debut on apple arcade nba 2k22 puts you on the court with today s top nba stars like damian lillard kevin durant steph curry zion williamson and anthony davis pickup a competitive quick match in one of 30 nba arenas or on the blacktop jump into a multiplayer game with a friend or start your journey to nba legend status in mycareer mode sporting a new graphics engine that offers the highest possible resolution apple devices allow everything is game in nba 2k22

so i finally caved in and bought the game for 16 haven t spent any money played through college and g league and just grinded from 60ovr to 69ovr it s tough i m only making 1100 vc game to max my shooting it s 50k vc which is half the season ffs

so no matter the edition you pre order they re skewing back the amount of vc players will get on day one this year but each pre order edition offers upgrades over the last in terms of boosts and other in game items such as myteam players
